## RETURNED SOLDIERS' BUREAU HAS FOUND JOBS FOR NEARLY TWO HUNDRED WAR VETERANS

**Valuable Work Which Has Been Performed by the Organization in the Sixteen Months of Its Existence Under the Present Management—Control Now Passes Into the Hands of the Soldiers Themselves**

The Edmonton Returned Soldiers' Bureau has done a splendid work in the one year and four months which have elapsed since its organization, a work that is hardly to be expressed

[illegible]

When a business of finding round pegs to fit into the round holes and square pegs into the round holes begins, it is a sign that the business is in trouble. Of course this is only a beginning. The Bureau has been called upon to do things that have caused it to be discredited by wounds and sickness in all degrees. When the war is over and the soldiers are sent home, the unemployed men come back seeking work by the thousands where they are now being told that there is no work. The country's power of absorption will be tested as never before.

The Bureau was formed at a meeting called by His Worship the Mayor and by Secretary Howard Stutchbury, and consisted of representatives of the Central Provincial Hospitals, committees for the care of the returned soldier and was held at the Y.M.C.A. building, De la Poudre street, on the 12th of December, 1918. The Bureau adopted in Calgary was followed at the start and later the constitution of the Winnipeg Central Provincial Hospital and its working committees. They were struck to deal with the various phases of work

## Red Cross Junk Day

Organized to aid war relief work by the collection and sale of waste material.

On Good Friday the Red Cross will collect throughout the city the following articles:

- (1) Quart and pint bottles only
- (2) Old metal of every description
- (3) Bags and old clothes

(4) Old tires and all kinds of rubber  
(5) Old magazines and newspapers

Save and serve and help the Red Cross by wealth from waste. Open your attic trunks. Future contingencies do not weigh against present necessities. Full details will follow later, meantime, don't break it, don't burn it.

and don't sell it. Save it for the Red Cross.  
Tie your rags, clothing, paper, rubber, etc., in separate bundles and place them on the street in front of your home Good Friday morning.

## BROOKLYNS WIN FROM BOSTON RED SOX; YANKS BEAT BRAVES

At Little Rock National League Champs Make Mark in Winning  
Three Out of Four Games Played—Three Home  
Runs in Yankees-Braves Game

NEW YORK, March 30.—At Little Rock, Ark., yesterday the Brooklyn shut out the Boston Red Sox in a good full distance game, by a score of 3 to 0. At Doherty, Alabama, sturdily battling the Yankees won for the New York Americans 7 to 5. In the Boston Braves in the second game of the Braves-Yankees series, at Little Rock the National League champions made a mark in winning three of four games played. Three times did the world's champions threaten the Dodgers only to be retired. In the third inning the Red Sox filled the bases, but Yankee's running catch of a slick fly and his quick throw to second base retired the side. The national league champions then reached Pennick, who had replaced Ruth, for two consecutive hits, resulting in their line run of 4 to 1. Cobb was in right field for the Yankees-Braves contest there were three home-runners by Baker, one by Kelly and another by Pipp.

Pipp's was over the right field fence with two on. Shawkey's wildness in the first three innings gave the Braves two runs, but in his last three he was invincible. Russell had two home runs.

At Little Rock, Ark.: R. H. E. Brooklyn . . . 3 0 0 0—1 1 1 Boston . . . 0 0 0 0—0 0 0

**Detroit Americans Win**  
Port Worth, Texas, March 29.—The Detroit Americans and New York Nationals opened their exhibition series today in a game which the American leaguers won by a score of 4 to 1. Cobb was in right field for the Tigers and drove in two scores with a double in the eighth.

## THE DAYS OF REAL SPORT!

## Sporting Facts and Fancies

It's hard to see the justice of the criticism offered by our contemporary of the Race Committee of the Edmonton Exhibition, simply because on the face of the matter it looks as though more money was being offered to the harness races than to the runners. It is a matter of fact, however, that the percentage of the purse and the entrance fees, the harness races cost the exhibition company less than the thoroughbred races. But, aside from this, it must be remembered that Edmonton is only one city on the circuit, and that the Edmonton program had to be made up to correspond with the other cities. As a matter of fact, it was the very last one made up, and the local race committee had the advantage of seeing what the other cities were going to offer before making up the local program. There will be certain harness and horse racing—that will go over the circuit, and by offering all of the Edmonton races for the runners, there wouldn't be half a dozen more thoroughbreds start, than there will be under present conditions.

As for the harness races being more shady than the running variety—well, there isn't a lot to be said for that. There are good harness races and good running races—and there are some that are not quite so good and some that are not quite so shady. The difference depends very much upon the backbone and eyesight of the men in the judges' stand.

Now it's just as clear as mud! The Montreal papers have arrived and explain that the Red Sox and the Yankees were defeated was the change in climate. Hereafter the explanation has always been the change in climate. The explanation depends very much upon the hardy work this time, for the Canadians won the first game. It's the beauty of the climate!

## VEAN GREGG GOES TO BUFFALO TEAM

BOSTON, Mass., Mar. 29.—A trade has been arranged between the Boston Americans and the Buffalo club of the International League by which Albert E. Vean, a pitcher, will join the Boston team, and one other player will be turned over to Buffalo according to advice from Oklahoma City, where the world champions played an exhibition game today. Gregg has been reported as yet, and the deal is contingent on his consent. It was said that Manager Barry had asked Vean to leave on seven players now with the locals.

Vean Gregg, an ex well known pitcher, has been hurt from the ball playing season at his farm near Lehigh, Ala.

## ROBERTSON IS AS GREAT ASTY COBB

McGraw Claims Davy Is Just As  
Good As He Gets  
To Be

NEW YORK, Mar. 29.—John J. McGraw's declaration that Davy Robertson, a pitcher, is as great a ball player as Ty Cobb, if the giant star cared to be, is almost the cause for breaking out American flags and holding a public mass meeting, and thanks by the citizens of Elizabeth City, North Carolina.

Davy used to play on the town team in Elizabeth City, and they have known for some time down there that Georgia has nothing on North Carolina in the matter of sending great ballplayers to the major leagues.

Dave has been exhibiting around the National League for some time. He hits and cracks the ball on the nose, beats out a few infield hits a year, scoops a base or two, varies in a few fielding sensations each year, and calls it a whole twelve months crammed into three or four or whatever the case may be.

Dave is temperamental. He is a southerner with the southerner's contempt for the northerner's bores. He is a grand ball player and he knows it fairly well. But Dave wants to be great, he wants to be a star. If he doesn't feel like stretching his legs in a sprint to first base, why, it's nobody's business, so he does as he pleases.

McGraw has been grilling Robertson for a long time, using his own successful way in making a great man of his potential great. This year, according to McGraw, Robertson is going to open out as the only real rival of the famous Georgia Peach in all around ball playing. Dave has asked a few promises of his own and it may be that he will forget his temper and try to make them stick.

**Lead Batters.**  
Last year Dave batted into the first, second and third bases with a few well-timed crashes that placed him at the head of the batting list with the regulars. He "slayed like a field."

He is a grand ball player and he knows it fairly well. But Dave wants to be great, he wants to be a star. If he doesn't feel like stretching his legs in a sprint to first base, why, it's nobody's business, so he does as he pleases.

Now a 200 mark isn't to be sneezed at any time, but Dave is capable of more, and McGraw is determined he shall show it this year.

## WILL TRAIN UPON HULA HULA ISLE

Red Sox and Washington Americans Will Go to Honolulu Next Spring

SAN FRANCISCO, Mar. 29.—Next spring will find the Boston Red Sox and Washington Americans training in Honolulu, according to Manager McGraw of the Portland team. McGraw, who has just brought his squad home from Hawaii, has declared that the Honolulu baseball team has offered to guarantee expenses of the Red Sox from Boston to Honolulu and back, and that President Prince of the Red Sox is inclined to accept the offer.

Clark Griffith, manager of the Senators, is also desired to be won on the Hula Hula line as a training ground.

The sugar upward in sugar prices have taken place within the week in wholesale quarters and all prospects of a first penny move remain. Each year there has been a matter of 20 cents a hundred weight which adds another item of worry to the housewife and in particular the low cost sugar. The sugar has been the most of the sugar in the past few years, but in keeping with spring prices, in wholesale quantities there is a price drop in the city and in the price of the city are as follows:

# HEALTHIEST ONE IN THE FAMILY

No Sign of Dropsy and Kidney Trouble Since Taking "FRUIT-ACTIVES"

Port Hamilton, Ont., July 29, 1915.

"We have found 'Fruit-actives' in our house for over three years and have never found them so good as now. Our little child, Harry, was troubled with kidney disease. The doctor said she was troubled with dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally, we decided to try 'Fruit-actives'. She began to show improvement after we had taken her a few tablets. In a short time, the swelling had all gone down and her health began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can say we owe much to 'Fruit-actives' and would never be without them."

# TO THE People of Edmonton

For very sound business reasons, I never announced the results of our drilling operations at the junction of the House and Athabasca Rivers in Northern Alberta; today, after a successful business trip to New York City, and after myself and clients have filed up miles of leases, I feel the time has arrived that I should tell you that on

# October 31st Last

our driller, Mr. Bradley, struck an abundant flow of oil and successfully capped the well in 11 minutes, which was

# Gushing 30 Feet Up the Derrick

While we, after thorough investigation of the results of oil strikes in various fields, are satisfied that wild speculation is bound to follow the 31st March, at 25c per acre that were worth \$100.00 the very time we were filing, proves that the rapid increase in value is the cause of speculation. This firm will keep up a very progressive development policy, and by advertising from time to time, will advocate and legitimate cause of speculation and development. We have a thorough grasp of the situation and can safely say, without fear of criticism, that the field we have proved is greater than all the oil fields in the world combined, it is up to Edmontonians to boost the rapid development of this field, and get away from the struggling policy of retrenchment, advocated by banks, for their own interests, and strikes out for doing nothing, instead of doing much, and then Jasper Avenue will no longer look at night like the driveway of a deserted exhibition grounds, and our newspapers advertising our disgrace with tax sales, of the people's homes because they can't pay a few dollars taxes.

NEW YORK CITY is jam full of money, millions of dollars are going into mining enterprises all over the United States, and yet, right here in Alberta, we have resources which make these pale into insignificance, and no one has gumption enough to start something.

On arrival in Edmonton, my New York representative of the interests putting up money, was struck with the deadness of the town, and his remark that if this affair did not start anything, this town is not only a dead one, but it is buried past redemption, is very symbolic of our condition. I RESPECTFULLY put it mildly, that if I can go and strike a gusher, and keep it under my hat for five months without anybody getting wise, this is itself a proof that the city has lost all semblance of its former self. New York wouldn't believe it. So long as we do that lies at our very front door and so uninterested are we in developing our resources, because we are dragged with cattle and grain and retrenchment policies, that we are hypnotized against ourselves. I say to Mrs. Elton
